During an interview on 1/26/2011 at 2:20 p.m. with the representative from the mental health agency who conducted the annual Level II assessments, he indicated that he was not sure why the reviews were being done late and that it was either because the facility had not notified the agency of the need or the agency just never got to it in October. During an interview with the Social Worker on 1/26/2011 at 3:40 p.m., she indicated that she had missed a couple of Level IIs that should have been referred to the local mental health agency earlier and that they were late. B. The clinical record for Resident #88 was reviewed on 1/25/11 at 3:45 p.m. The resident diagnoses included, but were not limited to: Bipolar Disorder. The resident was admitted to the facility on 8/11/10. The PASRR Level II was dated 8/9/10. Specialized Services checked included, but was not limited to "Psychiatric Evaluation."
